Instructions:

This form and the [budget addendum](#) are intended for all ENRTF applicants proposing capital construction or land acquisition for the purpose of capital construction¹. This form and budget addendum should be completed before you begin writing your proposal Narrative (Tab 4), Activities and Milestones (Tab 5), and Budget (Tab 6) in the LCCMR Proposal and Grant Management System. Once complete, it must be uploaded to the [online system](#) on the 'Attachments' page (Tab 7), under "Supplemental Attachments," prior to the submission of your proposal.

The purpose of this document is to assist project managers in complying with the LCCMR's [Capital Construction Project Requirements](#) as they complete their proposals. More information on capital construction projects can be found [on our website](#). Please answer the questions in the sections below to the best of your ability.

Should you have questions as you fill out this questionnaire and budget addendum, please contact LCCMR staff at lccmr@lccmr.mn.gov or 651.296.2406.

¹ For the ENRTF, capital construction is defined as the pre-design, design, construction, or renovation of a building, trail or campground, or other capital asset costing \$10,000 or more, including large-scale stream or wetland restoration, or acquisition of land for purposes of capital construction.

ENRTF Capital Construction Project Questionnaire

Section 2: Project Information

1. Briefly describe your project. Your description should include all elements of the project that will eventually be constructed to achieve your final vision or purpose for the site.

2. Are you requesting ENRTF funding only to help pay for a specific phase or part of the project?²

<input type="checkbox"/> Yes I am requesting ENRTF funds for a phase or part of the larger project.	<input type="checkbox"/> No I am requesting ENRTF funds, but it is for the complete project.
--	---

3. If you answered ‘Yes’ to Question 2, please describe which parts or phases of your project you are requesting ENRTF funds to help complete.

Please note:

- **A 25% non-ENRTF match (cash or in-kind) is required, regardless of the funding amount requested.**
- Funding of the project or individual project phase, in full, must be legally committed before any work that will utilize ENRTF dollars can begin.
- Your final reimbursement payment from the ENRTF is not made until the entirety of the project, or phase, is complete.
- If you answered “yes” to question 2, please incorporate your answer to question 3 above into your proposal in the online grant system under ‘Narrative’ (Tab 4), Question 3, “What is your proposed solution to the problem or opportunity...? “
- If you answered “no” to question 2, please incorporate your answer to question 1 above into your proposal in the online grant system under ‘Narrative’, (Tab 4), Question 3, “What is your proposed solution to the problem or opportunity...? “

² Complete projects and individual project phases are distinguished to help track project deliverables. Project phases must either produce a design for a future project or provide a stand-alone capital asset that results in tangible and usable environmental or recreational benefits. A project phase may not result in a partially constructed asset that provides no benefit (i.e., defining a ‘project phase’ as pouring only a foundation, installing only boardwalk helicals, etc.).

ENRTF Capital Construction Project Questionnaire

Section 4: Due Diligence

Capital construction projects funded with ENRTF must comply with the requirements that apply to all state-funded capital projects. Please review the [ENRTF Capital Project Construction Requirements](#) and answer the following questions.

1. Have you met the applicable predesign requirements⁴ as outlined by the Department of Administration’s Predesign Manual and the ENRTF Predesign Addendum?

<input type="checkbox"/> Yes	If ‘Yes’: attach a copy of your Dept. of Administration recommendation letter to Tab 7, “Attachments” in the online grant system, under “Supplemental Attachments”.
<input type="checkbox"/> No	If ‘No’: include “Complete Predesign Review through the Dept. of Administration” as a milestone in your proposal under Tab 5, “Activities and Milestones” in the online grant system. ⁵
<input type="checkbox"/> Not Applicable	If ‘Not Applicable’: provide an explanation why your project is not subject to predesign requirements in the text box below.
Explanation	

2. Have you consulted with the [B3 Program](#)⁶?

<input type="checkbox"/> Yes	If ‘Yes’: you must include ‘Enrollment in the Minnesota B3 Guidelines Tracking Tool ’ as a milestone under Tab 5, “Activities and Milestones” in the online grant system.
<input type="checkbox"/> No	If ‘No’: you are required to consult B3 prior to submitting your proposal.
<input type="checkbox"/> Not Applicable	If ‘Not Applicable’: provide an explanation in the space below why your project is not subject to the B3 Program.

<input type="checkbox"/> Not Applicable	If ‘Not Applicable’: provide an explanation why your project is not subject to review through SHPO in the text box below.
Explanation	

⁴ Unless you are specifically exempted, if the cost of your **total** project or project phase exceed \$750,000 for state agencies, or \$1,500,000 for all other entities, you must prepare your pre-design package in accordance with the [Department of Administration’s Predesign Manual](#) AND the [ENRTF Predesign Addendum](#). Both must be submitted to the Dept. of Administration for review and recommendation prior to proceeding with design activities. Please direct any questions on predesign to Eric Radel in RECS at (651) 201-2380 or eric.radel@state.mn.us. See [M.S. 16B.335](#) for more information.

⁵ Pre-design review by the Dept. of Administration must be complete before construction funds can be accessed.

⁶ [B3 tools and programs](#) are designed to make buildings more energy efficient and sustainable. Compliance with [B3](#) is required for building construction, both new and for major renovations (>10,000 gross conditioned sq. ft. OR full / significant replacement of HVAC systems). Review [MN B3 Guideline & SB 2030 Energy Standards](#) for more information. Questions should be directed to Patrick Smith at (612) 626-9709 or guidelines@b3mn.org

⁷ Early consultation with [SHPO](#) is strongly recommended to avoid impacts to historic / archeological properties, and the project schedule.

ENRTF Capital Construction Project Questionnaire

Section 5: Budget Review

Please review your answers to Sections 2 - 4 and include any applicable items in your budget addendum, which will ensure all relevant costs for your project activities are accounted for and show how cost-sharing is occurring. These costs must also subsequently be added into the Budget (Tab 6) in the [online proposal and grant management system](#) according to their cost type (personnel, contract, supplies, etc.). The total project cost in the addendum and in the online system budget must match.

Section 6: Signature

Please sign below certifying you are authorized to submit this questionnaire and budget addendum on behalf of the applicant organization and that the information included in this questionnaire and budget addendum is accurate.

Following signature, please upload the completed Questionnaire and Budget Addendum to the Attachments page (Tab 7) of the [online proposal and grant management system](#) prior to submission of your full proposal.
