Funding Beginning: July 1, 2011
Deadline to Submit: 4:30 p.m., Friday April 9, 2010

- Electronic submission of proposals required.
- Please carefully review the full text of this document before submitting a proposal.
- LCCMR staff are available to review draft proposals if submitted by Monday April 5, 2010. Early submission of drafts is recommended to receive the most detailed guidance.

This Request for proposal (RFP) is for the biennium (2 years) beginning July 1, 2011. For that period, approximately $52 million from the Environment and Natural Resources Trust Fund is expected to be available for project funding.

Through this RFP the LCCMR intends to make recommendations to the 2011 MN Legislature for appropriation of the majority of the funds available during the next two years. The LCCMR may choose to retain a small portion of funds outside of this RFP to be available for additional appropriation recommendations addressing specific time sensitive needs.

It is intended that this RFP is the only standard RFP that will be issued until February 2012 (for funding beginning July 1, 2013). Any project seeking funding to begin July 1, 2012 should reply to this RFP.

PLEASE CAREFULLY REVIEW THE FULL TEXT OF THIS DOCUMENT BEFORE SUBMITTING A PROPOSAL

ELIGIBILITY—OPEN TO ALL:
The spirit and intent of the LCCMR is to provide access to EVERYONE who has innovative ideas for environment and natural resource projects that could provide multiple ecological and other public benefits to Minnesota, are consistent with the LCCMR’s Six-Year Strategic Plan for the Environment and Natural Resources Trust Fund, and address the adopted funding priorities described in this RFP.

LCCMR staff are available to assist in proposal development. Lobbying or professional grant-writing experience is not necessary for success.

DEADLINE FOR SUBMISSION:
4:30 PM, FRIDAY APRIL 9, 2010
THIS IS A FIRM DEADLINE.

SUBMIT PROPOSAL:
Web-based Submission of Proposals Required*
Go to: www.lccmr.leg.mn and select “2011-2012 LCCMR Proposal Submit Form”.

All submitted proposals and budgets will be posted on the web upon receipt for the public to view.

*If unable to use the web-based proposal submit form, please contact LCCMR staff.

PROJECT IMPLEMENTATION:
Funding for projects will be available beginning July 1, 2011. Any project seeking funding to begin July 1, 2012 should also reply to this RFP.

EXPENSE ELIGIBILITY:
For a list of eligible and ineligible expenses see page 13.

PROPOSAL ASSISTANCE:
LCCMR staff are available to assist proposers, answer questions, or review and provide feedback on drafts of proposals. Proposers are encouraged to submit proposal drafts to help ensure proposals are focused, clear, and contain all necessary information. Drafts must be received by April 5, 2010 to allow adequate time for staff review. Early submission of drafts is recommended to receive the most detailed guidance.

**2011-2012 Proposal & Funding Process Timeline**

**JANUARY 2010**
- LCCMR determines funding priorities and adopts 2011-2012 Request for Proposal (RFP).
- 2011-2012 RFP issued.
- LCCMR staff available to review and provide feedback on any draft proposals submitted from January through April 5, 2010.

**APRIL 2010**
- Monday, April 5: Last day to submit draft proposals for LCCMR staff review.
- Friday, April 9: Final Proposal Submission Deadline.

**SUMMER/FALL 2010**
- All proposals are reviewed and evaluated using the criteria on page 7 of this RFP.
- Based on the evaluations, a subset of proposals is selected for further consideration and is invited to give presentations before the LCCMR.
- Final selection is made by LCCMR of proposals to be recommended to MN legislature for funding.

**PROJECT WORK PLANS**
- All recommended projects submit detailed work plans to the LCCMR.

**JANUARY-MAY 2011 (Legislative Session)**
- The LCCMR funding recommendations are considered and acted upon by the Minnesota Legislature (House and Senate) and signed into law by the Governor.

**JUNE-JULY 2011**
- June 2011: LCCMR approves work plans for funded projects authorizing projects to begin July 1, 2011
- July 1, 2011: Money from the Environment and Natural Resources Trust Fund is available for projects to begin.

**THE NEXT STANDARD RFP—FOR FUNDING BEGINNING JULY 1, 2013—IS INTENDED TO BE ISSUED IN FEBRUARY 2012.**
Projects are sought that provide multiple ecological and other public benefits, are consistent with the LCCMR Six-Year Strategic Plan for the Environment and Natural Resources Trust Fund (available at www.lccmr.leg.mn), and address the adopted funding priorities detailed below. Projects should be innovative and must accelerate or supplement, not supplant, existing efforts.

Proposals must address one of the eight funding priorities detailed below; proposals may respond to more than one priority.

A. Natural Resource Data and Information
   Proposals must address one or more of the following:
   1. Collect baseline, foundational wildlife or natural resource data and information, including:
      b. Climate data at a scale appropriate to assess natural resource changes attributable to accelerated climate change.
   2. Coordination, facilitation, or training pertaining to statewide sharing, distribution, or innovative application of natural resource data and information tools, including Geographic Information Systems (GIS), Light Detection and Ranging (LiDAR), and other remote sensing techniques.

B. Water Resources
   Proposals must address one or more of the following:
   1. Protect or restore water quality by reducing soil erosion, reducing peak water flows, or improving water and land use practices. Projects must include monitoring and evaluation.
   2. Research or engineering design to protect the health of humans and aquatic and terrestrial species by 1) advancing development or implementation of standards for nitrates or other contaminants; or 2) broadly reducing levels of nitrates, estrogenic, pharmaceutical, or other contaminants in ground and surface waters.
   3. Research, monitoring, or evaluation of ground and surface water interaction and sustainability.
   4. Research, monitoring, or evaluation of deep water lake ecosystems, including Lake Superior.
   5. Investigate and increase the understanding of the distribution and hydraulic properties of aquitards (impermeable geological layers between aquifers) and the water quality and water quantity effects aquitards have on confined, leaky, and un-confined aquifers.

C. Methods to Protect, Restore, and Enhance Land and Habitat
   Proposals must address one or more of the following (see p.7 for additional project requirements pertaining to this category):
   1. Innovative protection, restoration, or enhancement of lands with high-quality natural resources, habitat, and ecological value.
   2. Long term preservation of native forest, wetland, or prairie plant genetics and viability through long term storage in seed banks or other related efforts.
   3. Technical assistance for prairie stewardship, forest stewardship, stewardship of Conservation Reserve Program lands and other agricultural lands, or aquatic buffer management to improve water quality.
   4. Planning and implementation of community-based efforts to permanently conserve natural resources and reduce habitat fragmentation impacts on natural resources, including the impacts of transportation and other infrastructure.
2011-2012 Funding Priorities

D. Land Acquisition for Habitat and Recreation

Proposals must address fee title or permanent conservation easement acquisition of strategic lands with high quality natural resources, habitat, and/or ecological value, and the greatest capability to contribute multiple conservation benefits to wildlife, humans, and water quality (see p.7 for additional project requirements pertaining to this category). All lands to be acquired must provide a restoration/enhancement or management plan for the site and an explanation as to how it will be developed, implemented, and funded.

Priority will be given to projects that address one or more of the following:

1. Efforts based on precision conservation* methods and analysis that quantifiably identify the lands most critical to acquire.
2. Efforts involving Scientific and Natural Areas (SNA) or that aim to protect unique ecosystems or rare, endangered, or threatened species.
3. Efforts in areas of the state with limited protected public lands providing habitat or public access.
4. Efforts that improve habitat connectivity.
5. Efforts that improve public access for natural resource management or outdoor recreation.

E. Aquatic and Terrestrial Invasive Species

Proposals must address one or more of the following:

1. Prevent introduction or provide early detection of new invasive species.
2. Reduce the spread of invasive species along streams, rivers, land transportation routes, and other vectors.
3. Alternative control techniques for containing or suppressing invasive species already present in Minnesota. Standard control and maintenance activities of invasive species will not be considered.

F. Climate Change, Renewable Energy, and Air Quality

Proposals must address one or more of the following:

1. Research to help understand how to mitigate, adapt, or make Minnesota’s ecosystems more resilient to climate change.
2. Implementation of innovative efforts aimed at mitigating, adapting, or making Minnesota’s ecosystems more resilient to climate change.
3. Evaluation of applicability and/or effective implementation of clean energy technologies (e.g., biofuels, solar, geothermal, wind) or energy conservation in Minnesota. Focus examples include carbon emissions reduction; community-based, locally-produced renewable energy technologies; renewable energy life cycle costs and impacts; or smart energy technologies.
4. Reduction of greenhouse gas emissions through new and innovative approaches to increasing recycling and composting. Standard, required, and ongoing efforts will not be considered.
5. Innovative approaches to air quality improvement that reduce impacts on human health, the environment, or natural resources.

* Precision conservation is an emerging practice that considers lands in terms of the interconnected systems of which they are a part. As a practice, precision conservation compiles and integrates multiple types of available data layers and analysis (e.g., terrain analysis, soil productivity, habitat potential, economic analysis, erosion potential, proximity to surface water) to identify and guide efforts that will maximize conservation benefits.
2011-2012 FUNDING PRIORITIES

G. Environmental Education

Proposals must address education and training efforts that will increase the knowledge and skills of students and all citizens to improve and maintain water quality, reduce and monitor energy consumption, and restore and maintain a healthy and biodiverse natural environment. Funding for capital projects (e.g. buildings) will not be considered.

Priority will given to projects that address one or more of the following:

1. Efforts that are locally-led, involve broad-based partnerships, provide outdoor experiences, and are committed to building a long-lasting and action-based conservation ethic in a community.

2. Environmental education programs using community plantings or gardens to teach biological or ecological concepts; use of native plants and/or organic practices are encouraged.

3. Efforts that deliver and implement existing curriculum, especially integration of environmental education into school curriculum.

H. Creative Ideas

Proposals will be considered for efforts that are innovative or “out-of-the-box” and could produce transformative changes for the benefit of Minnesota’s environment and natural resources, but do not fit under one of the other categories; or, that focus on new and emerging environment or natural resource issues and are time-sensitive, but do not fit under one of the other categories.
**Requirements and Evaluation Criteria**

**Project Requirements**
- Expenditures must strictly adhere to the constitutional purpose of the Environment and Natural Resources Trust Fund (pg. 14) and conform to M.S. 116P.08, the laws governing the Environment and Natural Resources Trust Fund (pg. 14)
- Funds requested are expected to be expended and activities completed within 36 months. If additional time is needed, please explain in the "Timeline Requirements" section (section III-B) of the main proposal.
- Fee-title and conservation easement acquisition projects have the following additional requirements:
  1. First priority must be given to lands with high quality natural resources that provide multiple benefits and that provide natural buffers to water resources;
  2. Targeted lands must be identified in an adopted state, regional, or local natural resource plan;
  3. Conservation easements must be perpetual and include stewardship provisions to perpetually monitor and enforce the conditions of the conservation easements;
  4. Explanation must be provided for how a restoration/enhancement or management plan for the site will be developed, implemented, and funded (through this funding request or other funds);
  5. A list must be provided that identifies proposed acquisitions by parcel name, acquisition type (fee-title or conservation easement), county, estimated # of acres, and geographical coordinates (latitude and longitude or UTM-X and UTM-Y).
- Restorations must plant vegetation only of ecotypes native to Minnesota and preferably of the local ecotype using a high diversity of species originating as close to the restoration site as possible and, when restoring prairies, protect existing prairies from genetic contamination. Use of seeds and plant material beyond these requirements must be expressly requested and approved. For additional guidance, see “Native Vegetation Establishment and Enhancement Guidelines” from the Minnesota Board of Soil and Water Resources: [http://www.bwsr.state.mn.us/practices/seeding_guidelines.pdf](http://www.bwsr.state.mn.us/practices/seeding_guidelines.pdf)
- All projects are subject to additional requirements including accessibility, data availability, land acquisition requirements, energy conservation and sustainability guidelines, and recyclable material requirements. Information located at [www.lccmr.leg.mn](http://www.lccmr.leg.mn) titled “Additional Proposal Requirements”.

**Evaluation Criteria**
The following criteria will be considered in evaluating Environment and Natural Resources Trust Fund proposals (Additional explanation of evaluation criteria is available at [www.lccmr.leg.mn](http://www.lccmr.leg.mn)):

1. **Funding Priorities**: Responds to RFP funding priorities and LCCMR Six-Year Strategic Plan for the Environment and Natural Resources Trust Fund articulated and adopted by the LCCMR.
2. **Multiple Benefits**: Delivers multiple benefits to Minnesota’s environment and natural resources.
3. **Outcomes**: Identifies clear objectives likely to result in measurable, demonstrated, and meaningful outcomes.
4. **Knowledge Base**: Contributes to the knowledge base or disseminates information that will benefit other related efforts.
5. **Extent of Impacts**: Results in broad, long-term impacts of statewide or regional significance.
6. **Innovation**: Employs or demonstrates innovative approaches to more effectively and efficiently solve specific environment and natural resources issues.
8. **Urgency**: Addresses an issue for which immediate future action is necessary and urgent to avoid undesirable consequences.
9. **Capacity and Readiness**: Demonstrates capacity and readiness for efforts to be managed and completed in a timely, accountable, and effective manner.
10. **Leverage**: Leverages collaborative partnerships and additional efforts, resources, and non-state dollars.
11. **Resulting Additional Employment**: Employs a significant number of additional or new employees or students in natural resources jobs that are direct to the funding request.
**PROPOSAL SUBMISSION**

**FIRM DEADLINE: 4:30 P.M., FRIDAY APRIL 9, 2010**

**ALL FORMS AND TEMPLATES REQUIRED FOR PROPOSAL SUBMISSION CAN BE FOUND AT: [www.lccmr.leg.mn](http://www.lccmr.leg.mn)**

LCCMR staff are available to review draft proposals if submitted by Monday April 5, 2010. Early submission of drafts is recommended to receive the most detailed guidance. Submit drafts using the online proposal submit form—indicate DRAFT by entering “Y” in the appropriate field of the submit form.

### Guidelines for Attachments

#### FORMATTING FOR ALL ATTACHMENTS
- 8 1/2” x 11” pages; 11 pt. font minimum, except for “Detailed Project Budget”, which can be 10 pt.
- Project Title clearly marked on top of each page
- Blank 1-inch margin on bottom of each page

#### GUIDELINES FOR SPECIFIC ATTACHMENTS

**#2: Main Proposal (2-page limit)**

Main proposal must provide concise information summarizing the proposed project, activities, outcomes, and strategy and timeline. See template instructions.

**#3: Detailed Project Budget (1-page limit)**

Project budget must clearly account for how all requested funds would be used and explain what (if any) other funds would be used during the project. See template instructions.

**#4: Map or Graphic (1-page limit)**

- **For all proposals involving land acquisition or restoration**, a map of the specific proposed project area is required. Map must be legible as black & white photocopy, include north arrow and scale, and illustrate specific site location within city, county, region, and/or state.

- **For all other proposals** it is encouraged to include a map, graphic, table, or figure that further clarifies information in the main proposal.

**#5: Acquisition List**

For **all proposals involving land acquisition**, a list is requested that identifies proposed acquisitions by parcel name, acquisition type, county, estimated # of acres, and geographical coordinates (latitude and longitude or UTM-X and UTM-Y). See instructions in template.

**#6: Project Manager Qualifications and Organization Description (1-page limit total)**

- Include description of project manager qualifications and responsibilities pertaining specifically to project proposal. This does not need to be a complete resume.
- Organization description should be a simple, brief explanation of organization and its mission.

**#7: Letter or Resolution (1-page limit)**

Non-profits and local units of government must submit a letter or resolution authorizing proposal submission from their governing board. State and federal agencies and colleges/universities do not need a resolution but should have an authorized person submit the proposal.
2011-2012 LCCMR Proposal Submit Form Instructions

1. The “2011-2012 LCCMR Proposal Submit Form” is located at: www.lccmr.leg.mn — click on “2011-2012 LCCMR Proposal Submit Form” and follow the instructions. Web-based submission of proposals is required. If unable to use the web-based submit form, please contact LCCMR staff.

2. Draft proposals intended for staff review prior to final submission should be submitted using the online proposal submit form. Indicate draft by entering “Y” in the appropriate field. Drafts must be submitted by April 5, 2010 to allow adequate time for staff review. Early submission of drafts is recommended.

3. Provide all requested information. The tab key on your keyboard will take you from field to field. An asterisk (*) denotes a required field for submission.

4. Attach: Main Proposal, Detailed Project Budget, Map or Graphic, Acquisition List (if applicable), Project Manager Qualifications and Organization Description, and Letter or Resolution (if applicable).

5. Before pressing “SUBMIT”, review the information you provided for accuracy and ensure that all necessary attachments have been attached. After you press “SUBMIT” you will be able to review a copy of the information you provided; please save or print this page for your records.

*Other Non-State Funds—specific to these proposed activities: (Include only secured, non-state cash $ to be spent on the project during the funding period. Explain in Project Budget under Section V. “Other Non-State $ Being Applied to Project During Project Period”) $ __________

Project Manager: *First Name: ____________ *Last Name: ________________ (List one person only. Project team members can be listed in the Main Proposal under Section III-A. “Project Team/Partners”)

*Sponsoring Organization: ____________________________

Mailing Address: *Street Address: ____________

  *City: ____________ *State: _____ *Zip: ____________

*Telephone Number: (Area Code) _______ - ____________ (provide a reliable phone number, including area code, in case of questions)

*Email: ________________________________________

Web Address: __________________________ (if available)

Location: (What area will the project impact? Be as specific as possible in terms of region, ecological section, county, city, and township—see p.15 for map of MN by geographic region and p.16 for map of MN by ecological section). To select more than one, hold “ctrl” while left clicking with the mouse.)

*Region: _____ *Ecological Section: _____ *County: _____ City/Township: _____

*PROJECT SUMMARY

The summary is LIMITED TO 30 WORDS within the allowable space and must be a free standing summation of the project. Be specific. Provide a clear, concise summary of the proposed project’s activities and outcomes. It is important that the summary be able to stand on its own as a description of the proposal because it will be used along with the project title to refer to the proposal during proposal review.

PROJECT TITLE:

I. PROJECT STATEMENT

In this section, provide a summarizing overview statement (3/4 page or less) that clearly and succinctly states:

1. WHY this project needs to be done (i.e. the situation to which it is responding; the opportunity, challenges, issues, or need the project would address).
2. Overall GOALS of the project (e.g. reduce forest fragmentation, improve water quality) and the specific, direct OUTCOMES you aim to achieve (e.g. populations served, geographic areas served, resources impacted, species impacted).
3. HOW the project will achieve those goals (i.e. the project itself and types of activities involved).

II. DESCRIPTION OF PROJECT ACTIVITIES

In this section, break the project into specific activities (i.e. distinct efforts, phases of effort, types/categories of effort) and their outcomes. Be specific. List as many activities as needed using the format indicated below. For each activity:

- Provide a short, descriptive title for the activity.
- Indicate the budget amount intended to be allocated specifically to that activity.
- Give a detailed description of the activity, including specific tasks involved. Description should include an explanation of proposed plans for evaluating the activity outcomes. If an activity involves land acquisition, indicate the parcels proposed and the name of the organization or entity who will hold title—be specific.
- State specific, measurable outcomes that will be achieved as a result of the activity.

FOR EXAMPLE:

Activity 1: (Title of Activity) ___________________________ Budget: $ __________

Include detailed description of the activity you are proposing to do here.

ADD ADDITIONAL ACTIVITIES AS NEEDED USING THE SAME FORMAT AS ABOVE. Please mark as Activity 2, 3, 4, 5, etc.
III. PROJECT STRATEGY

A. Project Team/Partners
Describe the project team and partners that will be carrying out the proposed activities. List names and affiliations of team members or partner organizations, and explain the specific role each will play in carrying out the project. Be clear as to which partners are proposed to receive dollars from the Environment and Natural Resources Trust Fund and which partners are proposed to be contributing dollars or resources from other sources.

B. Timeline Requirements
Explain the timeline requirements specific to the proposed project. Timeline requirements are the project timeline being requested to carry out the project and the rationale, such as any particular conditions or stages required or assumed in order to carry out the project under the timeline (e.g. if project requires a certain number of field seasons under certain conditions). If project would require more than 36 months to complete, explain here. If proposed project is a distinct phase of some larger effort and additional funding beyond this request is anticipated to be needed for a future phase, explain in section III-C below.

C. Long-Term Strategy and Future Funding Needs
Is this proposal a component of a specific, larger or longer-term project or effort that will require additional investment over time than is being requested here? If so, please explain the established project/effort (including previous efforts leading up to this request), identify what sorts of longer-term investments will be required, and comment on long-term strategies for ongoing financial support and project progress and/or completion.

ELIGIBLE & INELIGIBLE EXPENSES

ELIGIBLE EXPENSES

Eligible expenses are those expenses directly incurred through project activities that are solely related to and necessary for producing the project outcomes described in the approved Work Plan during the appropriation period. All proposed expenses must be specified in the proposal submitted. All dollars are awarded on a reimbursement basis, unless specifically authorized. Eligible expenses must be documented as specified in the Reimbursement Manual available from the authorized contract person for the State.

Eligible expenses may include the following and are eligible only if specified in an approved Work Plan:

a. Eligible expenditures incurred only after the effective date in the approved Work Plan.
b. Wages and expenses of salaried Recipient employees if specified and documented in the Work Plan. For State Agencies: use of unclassified staff only OR request approval for the use of classified staff accompanied by an explanation of how the agency will backfill that part of the classified staff salary proposed to be paid for with this appropriation. This is subject to specific discussion and approval by LCCMR;
c. Fringe benefit expenses limited to salary, FICA/Medicare, retirement, and health insurance of Recipient's employees if specified in the Work Plan;
d. Professional services specified in the approved Work Plan that are rendered by individuals or organizations not a part of the Recipient;
e. Materials and supplies specific to the project and incoming freight charges for them;
f. Capital expenditures for facilities, equipment, and other capital assets as expressly approved in the Work Plan. For expenditures greater than $3,500, the Recipient must include in the Work Plan an explanation as to how all the equipment purchased with the appropriation will continue to be used for the same program through its useful life, or, if the use changes, a commitment to pay back to the Environment & Natural Resources Trust Fund an amount equal to either the cash value received or a residual value approved by the director of the LCCMR if it is not sold;
g. Publication & printing expenses (including the process of composition, plate-making, press work, binding and the end products produced) necessary for contract administration, work products production, and semi-annual reports relating to Work Plan accomplishments;
h. In-state transportation and travel expenses such as lodging, meals, and mileage of personnel involved in the Project in the same manner and in no greater amount than provided for in the current "Commissioner's Plan" promulgated by the Commissioner of Employee Relations and as provided by LCCMR or, for University of Minnesota (U of M) projects, the University of Minnesota plan found at http://policy.umn.edu/Policies/Finance/Travel/TRAVEL.html. Allowable meal & lodging expenses are for employees only. Purchasing meals for others is not an allowable expense.

MN Constitution Art. XI, Sec.14: Environment and Natural Resources Trust Fund Established

http://www.lccmr.leg.mn/language.html

A permanent environment and natural resources trust fund is established in the state treasury. Loans may be made of up to five percent of the principal of the fund for water system improvements as provided by law. The assets of the fund shall be appropriated by law for the public purpose of protection, conservation, preservation, and enhancement of the state's air, water, land, fish, wildlife, and other natural resources. The amount appropriated each year of a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, may be up to 5-1/2 percent of the market value of the fund on June 30 one year before the start of the biennium. Not less than 40 percent of the net proceeds from any state-operated lottery must be credited to the fund until the year 2025. [Adopted, November 8, 1988; Amended, November 6, 1990; November 3, 1998]
