Project Area: 1 - Aspen Parklands

Project Results Use and Dissemination
In 2007, 15 small "prairie pothole" wetlands (totalling 12.5 acres) were restored on Union Lake WPA (Polk County). These wetlands had been previously ditched/filled when the land was in private ownership. Restoration consisted of removing all the fill from the from the wetlands, and completely filling in all the ditches. Restoration of these small "prairie pothole" wetlands greatly improves the value of the WPA and nearby lands to breeding waterfowl.
