FUNDING SOURCE: Environment and Natural Resources Trust Fund
LEGAL CITATION: ML 2008, CH 367, Sec. 2. Sub 3(c)

APPROPRIATION AMOUNT: $30,000

Overall Project Outcome and Results
This project focused on paying professional services related to the conveyance of habitat corridor lands to the DNR by HCP partners. Parcels acquired from HCP partners will be placed in public ownership and administered as State Wildlife Management Areas.

Project goals were to pay professional services as parcels are conveyed to DNR by nonprofit HCP partners. During this appropriation – only Pheasants Forever (PF) projects were conveyed to DNR.

This project resulted in professional services being paid on 12 different parcels as they were processed for conveyance to DNR by HCP Partners. Project funding by PF changed as time went by, with some projects not being acquired with Environment and Natural Resources Trust Fund (ENRTF) dollars at closing, and other unanticipated parcels changing to ENRTF dollars at closing. Some of these PF projects were closed last year, but continued to have residual professional services for closing the project out. Some projects have just started the acquisition process and will continue into the next phase of 4I: Habitat Acquisition – Professional Services. Consequently the range of dollars spent on projects varied greatly, but ranged from $200 to $4,500.

As a result of this project, DNR was able to pay for professional services and processing costs related to land acquisition transfers to the DNR from HCP partners. Costs include the following: staff time for Division of Lands and Minerals ($80/hour) and the Attorney General’s Office ($101/hour), survey costs, recording and abstracting fees, and deed tax.
