**PROJECT TITLE:** Metropolitan Regional Park System Land Acquisition

**Project Manager:** Arne Stefferud, Manager—Regional Parks and Natural Resources  
**Organization:** Metropolitan Council  
**Mailing Address:** 390 North Robert Street  
**City/State/Zip Code:** St. Paul, MN  55101  
**Telephone Number:** (651) 602-1360  
**Email Address:** arne.stefferud@metc.state.mn.us  
**Web Address:** [http://metrocouncil.org/Parks.aspx](http://metrocouncil.org/Parks.aspx)

**Location:** Carver, Dakota, Hennepin, Scott and Washington Counties for the parcels currently listed as acquisitions that may be financed with this ENRTF appropriation.

**Legal Citation:** M.L. 2014, Chp. 226, Sec. 2, Subd. 7(b)

**Appropriation Language:**  
$1,500,000 the second year is from the trust fund to the Metropolitan Council for grants for the acquisition of lands within the approved park unit boundaries of the metropolitan regional park system. This appropriation may not be used for the purchase of habitable residential structures. A list of proposed fee title and easement acquisitions must be provided as part of the required work program. This appropriation must be matched by at least 40 percent of nonstate money that must be committed by December 31, 2014, or the appropriation cancels. This appropriation is available until June 30, 2017, by which time the project must be completed and final products delivered.
I. PROJECT TITLE: Metropolitan Regional Park System Land Acquisition

II. PROJECT STATEMENT:
The 2014 ENRTF appropriation of $1.5 million would be matched with $1 million of Metropolitan Council bonds and $833,000 of regional park agency funds to acquire about 200 acres of the 574 acres in the attached M.L. 2014 Acquisition List for Metropolitan Regional Park System Land Acquisition. These parcels contain high quality natural resources and are inholding properties (privately held parcels) within the boundaries of regional parks, regional park reserves or regional trails.

This is a continuation of past ENRTF appropriations to acquire high quality natural resource parcels for the Metropolitan Regional Park System. $7.54 million of Environment and Natural Resources Trust Fund (ENRTF) appropriations in 2007-2009 and 2011-12 have been matched with $5.026 million of Metropolitan Council bonds and $19.9 million of other funds to finance the acquisition of 1,076 acres.

Project Status as of January 2016:

Project Status as of July 2016:

Project Status as of January 2017:

Overall Project Outcomes and Results—July 2017:

IV. PROJECT ACTIVITIES AND OUTCOMES:

Activity 1: Acquisition Opportunity Grants
Description: Award subgrants to regional park agencies under the Metropolitan Council’s Park Acquisition Opportunity Fund Grant program to acquire about 200 acres for the Metropolitan Regional Park System. When the Metropolitan Council authorizes subgrants to regional park agencies to acquire lands under this work plan, a description of the land from the M.L. 2014 Acquisition List for Metropolitan Regional Park System Land Acquisition will be included as an “Outcome” along with the date it was acquired as the “Completion Date”. The amount of the ENRTF appropriation spent to acquire the land will be listed under “Budget”.

The ENRTF funds will finance 45% of the total acquisition costs, and specifically will be used to partially finance the fee title acquisition cost (i.e. what is paid for the parcel at the closing). Matching Metropolitan Council bonds and regional park agency funds will finance the balance of acquisition costs not financed with ENRTF funds, plus related costs for appraisal services, legal services, closing costs, pro-rated property taxes and tax equivalency payments due on the land as required by MN Statute 473.341.

There is no ENRTF funding proposed to finance a baseline assessment and high quality site restoration appropriate to designation (SNA, WMA, parks, etc.) plus long-term management of the acquired parcels. The baseline assessment is financed by the acquiring regional park agency when it prepares the master plan for that park or trail unit. The master plan includes a natural resource inventory plus plans for restoration and long-term management including annual cost estimates for those activities. The Metropolitan Council reviews and approves those master plans. Other funds are used by the acquiring regional park agency to finance natural resource restoration activities and long-term management
Summary Budget Information for Activity 1:

<td>$0</td>
<td>$1,500,000</td>
</tr>
</tbody>
</table>

Since the timing of when the acquisitions would occur, and the negotiations to acquire the parcels is confidential, the following table illustrates descriptions of the information that would be inserted when acquisition subgrants are awarded for specific parcels. Additional rows will be added to the table for each parcel when those subgrants are awarded. The updated table will be inserted in the “Activity Status” as of (date) portion of the work plan.

**Activity Completion Date:** June 30, 2017

V. DISSEMINATION:

**Description:** When the acquisition subgrant for each parcel is being considered by the Metropolitan Council, it publishes the subgrant request which includes a map of the parcel in context of the regional park or trail unit where it is located. The Metropolitan Council also publishes a summary of all park acquisition grants as part of annual reports. The acquiring regional park agency may publish news accounts of the subgrant award and a description of the land to be acquired with the grant. Since the parcels contain high quality natural resource features and don’t have visitor support facilities on them, the park agencies are careful in informing the public about the land until it can accommodate public use. For example, installing a trail or viewing area for the public to use should occur before publicizing the land’s availability for public use.

VI. PROJECT BUDGET SUMMARY:
For the period July 2014 to June 30, 2017.

A. ENRTF Budget Overview:

<table>
<thead>
<tr>
<th>Budget Category</th>
<th>$ Amount</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fee Title Acquisition:</td>
<td>$1,500,000</td>
<td>100% of ENRTF funds will be used to partially finance fee title acquisition cost of the parcels acquired.</td>
</tr>
</tbody>
</table>

TOTAL ENRTF BUDGET: $1,500,000

Explanation of Use of Classified Staff: NA

Explanation of Capital Expenditures Greater Than $5,000: NA

Number of Full-time Equivalents (FTE) Directly Funded with this ENRTF Appropriation: NA

Number of Full-time Equivalents (FTE) Estimated to Be Funded through Contracts with this ENRTF Appropriation: NA
B. Other Funds:

<table>
<thead>
<tr>
<th>Source of Funds</th>
<th>$ Amount Proposed</th>
<th>$ Amount Spent</th>
<th>Use of Other Funds</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-state</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Metropolitan Council bonds to finance 30% of total acquisition costs. This is cash.</td>
<td>$1,000,000</td>
<td>$0</td>
<td>Finance 100% of tax equivalency payment due on the land as required under MN Statute 473.341, plus may partially finance some of the fee title acquisition cost incurred at closing, legal services, closing costs, and pro-rated property taxes due at closing.</td>
</tr>
<tr>
<td>Regional park agency funds or other non-state funds the park agency must provide to finance 25% of total acquisition costs. This is cash. In cases where the seller donates land value and thus reduces the actual total costs, that land value donation will be counted as part of the 25% match to the Park Acquisition Opportunity Fund grant. Consequently there may be cases where the park agency provides no cash match to the grant. In those instances the Metropolitan Council bonds would finance the items listed in the “use of other funds” column.</td>
<td>$833,000</td>
<td>$0</td>
<td>Finance 100% of appraisal cost and earnest money since those expenses will be incurred before the Park Acquisition Opportunity Fund grant is awarded. Plus may partially finance some of the fee title costs incurred at closing, legal services, closing costs, and pro-rated property taxes due at closing.</td>
</tr>
</tbody>
</table>

**TOTAL OTHER FUNDS:** $1,833,000 $0

This table will be updated with $ amount spent from these other sources in future status reports.

VII. PROJECT STRATEGY:

A. Project Partners:

Based on the park agencies that have listed parcels on the attached M.L. 2014 Acquisition List for Metropolitan Regional Park System Land Acquisition, the following regional park agencies are eligible to receive Park Acquisition Opportunity Fund grant(s) from this work plan. The amount each agency actually receives is dependent on the amount needed for a particular subgrant and will be reported in future status reports in the Project Budget and in Other Funds.

</tbody>
</table>

Page 5 of 28 06/23/2014 Subd. 07b
B. Project Impact and Long-term Strategy:
This work plan is a component of the long-range goal in the Metropolitan Council’s 2030 Regional Parks Policy Plan to acquire about 13,500 acres of land within Metropolitan Council-approved master plan boundaries for regional parks and trails. Two dollars of Metropolitan Council bonds match every three dollars of the Environment and Natural Resources Trust Fund appropriation. Regional park agencies must finance 25% of each acquisition with their own funds unless the seller donates land value which is counted as part of the 25% park agency match. Generally, the share from each funding source for land acquisitions is:

<table>
<thead>
<tr>
<th>Funding Source</th>
<th>Percent of Acquisition Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Environment and Natural Resources Trust Fund</td>
<td>45%</td>
</tr>
<tr>
<td>Metropolitan Council bonds</td>
<td>30%</td>
</tr>
<tr>
<td>Regional Park Agency funds</td>
<td>25%</td>
</tr>
</tbody>
</table>

The Environment and Natural Resources Trust Fund appropriations have been restricted to acquire only land containing high quality natural resources with no residential structures on them. Other funding sources such as the Parks and Trails Legacy Fund matched with Metropolitan Council bonds and regional park agency funds have been used to acquire land that had low quality natural resources and/or included structures—both residential and non-residential. Long-term strategies for ongoing financial support include continued public sector investment of State, regional and local sources for natural resource restoration and long-term management of the acquired lands.

C. Spending History:
This is a continuing appropriation for acquiring high quality natural resources parcels for the Metropolitan Regional Parks System. The table below shows past ENRTF appropriations for this purpose.

**NOTES:** Three Rivers Park District parcel acquisitions will allow the Park District to restore a significant wetland along Rush Creek improving the water quality and overall health of Rush Creek as well as the Elm Creek and Mississippi River which it ultimately drains into. This project is still evolving and the actual acres, cost, acquisition method, etc. will be determined through negotiations with the property owner and City of Rogers.
