Project Title: Preserving the Avon Hills with Reverse-Bidding Easements

Category: G. Land Acquisition for Habitat and Recreation

Summary: Utilize proven cost-saving MMAPLE reverse-bid conservation easement ranking system to permanently protect 650 acres and restore/enhance 400 acres of priority private lands already protected in the Avon Hills.

Name: John Geissler

Sponsoring Organization: Saint Johns University

Title: Land Manager/Outdoor University Director

Department: Outdoor University

Address: 2346 Science Drive
           Collegeville  MN  56321

Telephone Number: (320) 363-3126

I. PROJECT STATEMENT

Use the MMAPLE reverse-bid and conservation easement ranking system to protect 650 acres and restore/enhance 400 acres of priority private lands. MMAPLE’s proven novel method uses precision conservation and a market-based approach to assure the best easement value for the ENRTF.

The Avon Hills area is a 65,000 acre unique natural landscape located in Stearns County just 15 miles west of St. Cloud. The landscape is glacial moraine that rises out of the surrounding farmland; it contains the highest concentration of native plant communities in the county, including oak and maple-basswood forests, tamarack and mixed-hardwood swamps, and wet meadows. It harbors rare species, including American ginseng, cerulean warbler, red-shouldered hawk, Blanding’s turtle, and least darter. The area has been identified as ecologically significant by The Nature Conservancy’s Eco-Regional Plan and the MN DNR’s County Biological Survey. Our landscape goal is to permanently protect 70% of the remaining undeveloped landscape, or about 25,000 acres over the next 20 years. The USF&WS, the MN DNR and others have invested in protection efforts, signaling the priority for protection. With the assistance of the ENRTF and conservation minded landowners, 6,242 acres of the Avon Hills are protected (over 25% of our ambitious goal).

Using ENRTF grants, the Avon Hills team developed and have proven the effectiveness of this novel ranking system for acquiring easements dubbed the Minnesota Multi-faceted Approach for Prioritizing Land Easements (MMAPLE). In the latest round of MMAPLE, the $2086/acre average payment represents just 52% of the estimated market value of undeveloped land. MMAPLE emphasizes the best easement value for the ENRTF.

In addition, we intend to invest in community outreach and education to ensure that local decision makers, landowners, and others understand the importance of the Avon Hills landscape and the options that exist for its protection. Finally, we will ensure that the land eligible for conservation easements will be managed effectively by supporting the development of habitat management plans for targeted parcels and supporting enhancement/restoration work on existing easements.

II. PROJECT ACTIVITIES AND OUTCOMES

Activity 1: Complete 650 acres of Conservation Easements using MMAPLE Ranking and Reverse Bidding system.

Help landowners permanently protect land through the use of conservation easements. Saint John’s University (SJU) will partner with Stearns County SWCD, and the Minnesota Land Trust (MLT). SJU will work with experts to “fine-tune” the MMAPLE system and together with SWCD will focus on landowner outreach, the reverse-bid process, and ranking using MMAPLE. MLT will use the ranked parcels to negotiate easements and potential restoration areas; prepare documents including easements and baseline reports; secure appraisals, title work, and mapping; and conduct long-term easement monitoring and enforcement.

The selection of the successful landowners follows the reverse-bid process, so specific parcels will be described and submitted to LCCMR after the bidding. Landowners with completed easements will receive a base payment of $30,000 plus their MMAPLE per acre bid.

<table>
<thead>
<tr>
<th>Outcome</th>
<th>Completion Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Pay landowners to protect ~650 acres by completing 3-8 permanent conservation easements. Payments based on their MMAPLE ranking and reverse bidding plus a base payment of $30,000 per landowner. (est. $1,200,000)</td>
<td>June 30, 2024</td>
</tr>
<tr>
<td>2. Provide habitat restoration management plans prepared by private sector natural resource professionals. (est. $48,000)</td>
<td>April 30, 2024</td>
</tr>
<tr>
<td>3. SJU, Stearns County SWCD, and MLT will promote program, contact landowners, implement the MMAPLE reverse-bidding system, and complete all legal components of conservation easement projects, including assurance of long-term monitoring and</td>
<td>June 30, 2024</td>
</tr>
</tbody>
</table>
Activity 2: Avon Hills Community Education and Outreach
Budget: $32,500
Facilitate communication among landowners, environmental groups, local units of government, and others within the Avon Hills community to promote land-use education, land protection, understanding of ecological principles, and land stewardship.

<table>
<thead>
<tr>
<th>Outcome</th>
<th>Completion Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Increase awareness of the Avon Hills landscape by hosting annual conferences and/or other events to provide environmental education and promote community involvement. Assist Avon Hills Initiative Executive committee.</td>
<td>June 30, 2024</td>
</tr>
</tbody>
</table>

Activity 3: Easement Site Restoration & Enhancement on 400 acres
Budget: $636,500
Based on property quality, restoration will be conducted to enhance water and habitat benefits on eased sites. The projects will reconnect fragmented habitat complexes by restoring native vegetation, and enhance existing natural habitat on eased lands through activities such as invasive species removal, prescribed burning, and oak regeneration. These habitat restoration and enhancement activities will benefit species of greatest conservation need such as; red-shouldered hawk, Blanding’s turtle, and four-toed salamander and pollinators such as bumblebees and yellow swallowtail butterflies. Additional funding for restoration assistance on eased lands is concurrently being requested by this partnership from federal funding sources.

III. PROJECT PARTNERS
A. Project Team/Partners
Saint John’s Outdoor University: John Geissler, Kyle Rauch, Sarah Gainey, Jenny Kutter, Jeremy Scegura and staff
- Coordinating education and outreach, conferences, workshops, grant management, and budgeting
Stearns County Soil & Water Conservation District: Nate Hylla, Jason Selvog
- Meeting and outreach with landowners, managing bidding process for easements.
Minnesota Land Trust: Nick Bancks, and staff
- Providing easement education, coordinating bidding process, meeting with landowners, developing easement documents, monitoring and enforcing easements, lead on restoration/enhancement effort.
Avon Hills Initiative: local landowners, citizens, volunteers
- Working with Saint John’s, Stearns County SWCD, and MN Land Trust to achieve project goals.

IV. Long-Term Implementation & Funding
The past ENRTF supported phases (ML 2008-03d, ML 2013-04j, ML 2016-09c) have opened up a new avenue of conservation easement prioritizing using MMAPLE and reverse-bidding. ENRTF funding of MMAPLE has allowed for innovation that is now being promoted statewide and even nationally. In addition to doing another 650 acres of great conservation work in the Avon Hills, the funding will promote MMAPLE as a cost-saving easement prioritization method as a potential tool for the common circumstances found in the Avon Hills and across the state. We are 25% of the way to achieving our ambitious landscape goal to permanently protect 70% of the remaining undeveloped landscape, or about 25,000 acres over the next 20 years.

V. Timeline Requirements
All elements of this proposal will be completed by June 30, 2024, and likely sooner for the easements.
Project Length and Completion Date: 5 Years, June 30, 2024

**BUDGET ITEM** | **AMOUNT**
--- | ---
Personnel (Wages and Benefits) - SJU | $25,500
  - John Geissler - Project Manager, $10,500 (71% salary, 29% benefits), 2% FTE.
  - Jenny Kutter, Arboretum Office Coord., $4,000 (71% salary, 29% benefits), 2% FTE.
  - Kyle Rauch, Arboretum Educ. Staff, $5,000 (71% salary, 29% benefits), 2% FTE.
  - Sarah Gainey, Arboretum Educ. Staff, $1,000 (71% salary, 29% benefits), 0.5% FTE.
  - TBD, Arboretum Educ Staff, $2,000 (71% salary, 29% benefits), 1% FTE.
  - Jeremy Scoegura, SJU Accountant, $3,000 (71% salary, 29% benefits), 0.5% FTE.

Professional/Technical/Service Contracts - SJU | $27,000
  - Conference speakers: speaker fees and honoraria for landowner educational conferences and workshops.
  - Professional Services subcontract from to Stearns County SWCD for general outreach, personal landowner contacts, site evaluation and mapping, scoring using MMAPLE, assisting with the bidding process, and assisting with the bid ranking.

Equipment/Tools/Supplies - SJU | $14,000
  - Promotion of easements, conferences, & workshops (newspaper ads, etc.), printing conference brochures and materials, participant supplies (folders, printed info, etc.).

Professional/Technical/Service Contracts - SJU to MLT | $2,344,000
  - Easement Acquisition: Includes purchase price of conservation easements to protect about 650 acres of land through permanent conservation easements held by the Minnesota Land Trust. Includes long-term stewardship costs of $192,000 ($24,000 per easement for 8 projects), habitat management plan contracts of $48,000 (8 projects @ $6,000 per plan). MMAPLE will be used to rank the proposed parcels.
  - Easement Restoration/Enhancement: Includes restoration and enhancement costs on 400 acres of Avon Hills easement land through contracts with USFWS, MN DNR, NPOs and private restoration firms (e.g. Great River Greening, area forestry consultants).

Personnel (Wages and Benefits) - MLT | $154,000
  - Staff expenses including salaries plus eligible benefits and related costs for approximately 55% FTE for each of the 3 years as follows: Conservation directors or other land protection/restoration staff (approximately 40% FTE/yr), legal staff and other support staff (approximately 15% FTE/yr).

Professional Services for Acquisition: Includes appraisal costs of $70,000 @ $7,000 each and $50,000 for surveys @ $5,000 each for 10 easements, title review and closing costs of $30,000 @ $3,000 each, mineral reports for 2 projects @ $2,500 each, and mapping costs of $10,000 @ $1,000 each for 3-10 easements.

Professional Services for Restoration: Includes mapping costs of $5,000 to build geodatabase and track projects and $10,000 for restoration site plans @ $2,500 each for 4 easements without action plans.

Travel expenses in Minnesota - MLT: Mileage and related travel expenses in Minnesota. Estimated at 4,800 miles at the current IRS rate ($0.545 per mile).

**TOTAL ENVIRONMENTAL AND NATURAL RESOURCES TRUST FUND $ REQUEST** | $2,410,500

Avon Hills of Stearns County - 65,000 acres

Amazing open space and biological significance within 5 miles of St. Cloud and 60 miles of the Twin Cities
Organization Description and Project Manager Qualifications

Organization Description
Saint John’s Abbey Arboretum encompasses the grounds of Saint John’s University and Saint John’s Abbey and was designated as a natural arboretum in 1997. Our 2,700 acres of forests, prairies, and lakes are managed with the goal of preserving and restoring the native flora and fauna of central Minnesota, as well as offering opportunities for education and research.

Saint John’s Outdoor University is a unit of Saint John’s University that provides environmental education programming. Saint John’s University has a 501 (c)(3) designation.

Project Manager Qualifications: John Geissler

Care for 2,700 acres of forest, lakes, wetlands, and prairies. Manage land base for habitat, recreation, timber, clean water, and educational/interpretive opportunities. Maintain “well-managed” rating from the Forest Stewardship Council (FSC) for all forest management activities, supervise four staff and budget for the department.

Direct staff in annually providing environmental education field experiences for 8,000 K-12 students, provide field trips and outdoor experiences for 5,000 college students, plus workshops, conferences and field tours for 5,000 landowners, professionals, and families.
